

Reference/Links: Water

<http://www.nrdc.org/reference/topics/water.asp>

[Biological Indicators of Watershed Health](http://www.epa.gov/bioindicators/) - This EPA site details how environmental scientists observe specific fish, insects, algae and plants to evaluate the health of bodies of water. <http://www.epa.gov/bioindicators/>

[Clean Water Network](http://www.cleanwaternetwork.org/) - An alliance of over 1,000 organizations working to protect our nation's water resources. <http://www.cleanwaternetwork.org/>

[Environmental Working Group](http://www.ewg.org/) - Provides locally relevant information on public health issues including drinking water. <http://www.ewg.org/>

[EPA's Cleaner Water Through Conservation](http://www.epa.gov/region6/6wq/waterconserv/index.htm) - This site explains the relationship between water quantity and quality and discusses how developing water-use efficiency programs can help states and local communities achieve cleaner water through conservation. www.epa.gov/region6/6wq/waterconserv/index.htm

[EPA's Office of Wastewater Management](http://water.epa.gov/aboutow/owm/index.cfm) - Includes fact sheets and publications on stormwater, sewer overflows and animal feeding operations, and links to related EPA programs. <http://water.epa.gov/aboutow/owm/index.cfm>

[Reclaiming the Everglades](http://everglades.fiu.edu/reclaim/index.htm) - A collaborative project of the libraries at the University of Miami, Florida International University and the Historical Museum of Southern Florida, this website includes a timeline of Everglades history from 1492 to the present, photos, biographies and the opportunity to connect live with an Everglades librarian if you have a question. <http://everglades.fiu.edu/reclaim/index.htm>

[River Network](http://www.rivernetwork.org/) - Offers watershed information, links and resources to help groups create local solutions to river degradation. <http://www.rivernetwork.org/>

[USGS Water Resources of the United States](http://water.usgs.gov) - A comprehensive guide to America's water resources from the U.S. Geological Survey. <http://water.usgs.gov>

[Water Keeper Alliance](http://www.waterkeeper.org/) - Helps citizens protect their communities and waterways from polluters by developing environmental "neighborhood watch" programs. <http://www.waterkeeper.org/>

[Water Quality Information Center](http://wqic.nal.usda.gov/nal_display/index.php?info_center=7&tax_level=1&tax_subject=596) - A comprehensive list of more than 1,000 web sites related to all aspects of water quality from the National Agriculture Library. http://wqic.nal.usda.gov/nal_display/index.php?info_center=7&tax_level=1&tax_subject=596

[Water Recycling](#) - Explore an ecological wastewater recycling system in Chatham

County, North Carolina. <http://waterrecycling.com/>

[The Watershed Management Council](http://watershed.org/) - Information from a nonprofit educational organization on the art and science of watershed management. <http://watershed.org/>

[WaterWiser](http://www.awwa.org/Resources/Waterwiser.cfm?navItemNumber=1561) - Features water efficiency resources, links and a calendar of water conservation-related events.

<http://www.awwa.org/Resources/Waterwiser.cfm?navItemNumber=1561>
